Agenda

1st day of seminar

09:00 – 09:30	Welcome
09:30 – 10:30	Design and operation of peeler centrifuges Mechanical and process features
10:30 – 10:45	Coffee break
10:45 – 12:30	Best practice for peeler centrifuges Trouble shooting / How to avoid unexpected operating conditions / Optimization regarding throughput and quality
12:30 – 13:30	Lunch break
13:30 – 15:00	Demonstration I
15:00 – 16:00	Maintenance and inspections of centrifuges I Scope and intervals for periodical inspections / additional maintenance
16:00 – 16:15	Coffee break
16:15 – 16:45	Safety aspects of centrifuges Requirements according to EN 12547 safety devices / examples
19:30	Dinner in Munich

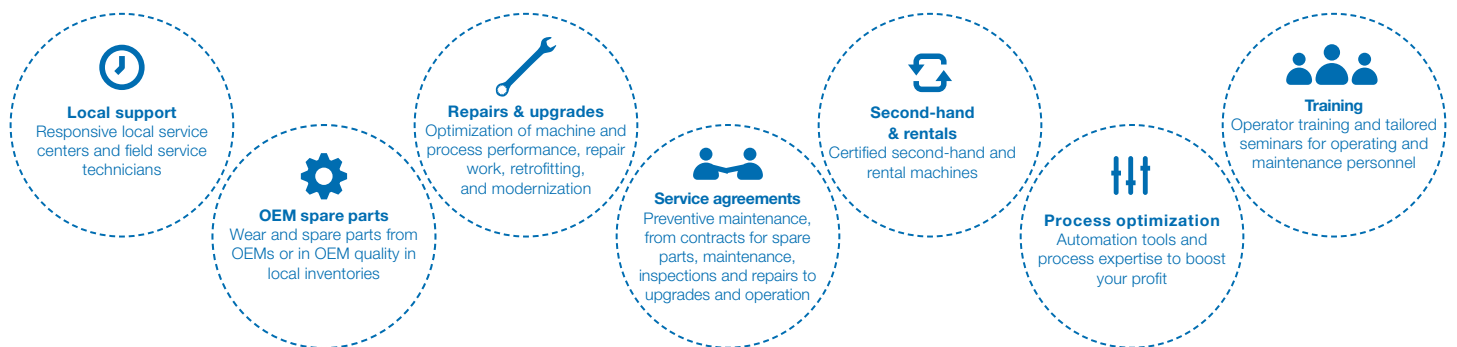

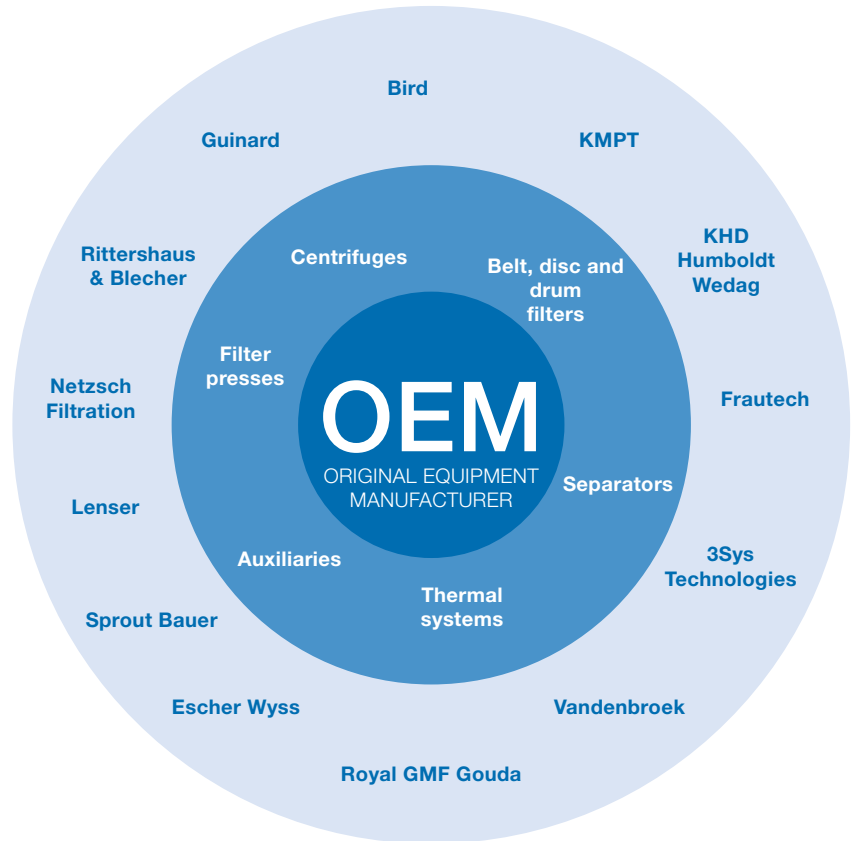

2nd day of seminar

09:00 – 09:45	Design and operation of pusher centrifuges Mechanical and process features
09:45 – 10:00	Coffee break
10:00 – 11:00	Best practice for pusher centrifuges Trouble shooting / How to avoid unexpected operating conditions / Optimization regarding throughput and quality
11:00 – 11:30	Process automation in Ex-area State of the art in automation, risk analysis, safety features, optimizations, maintenance scheduling, reduction of COO
11:30 – 12:30	Lunch break
12:30 – 14:00	Demonstration II
14:00 – 15:00	Guidelines and directives for maintenance on centrifuges Rules and standards / „safety relevant parts“
15:00 – 15:15	Coffee break
15:15 – 15:45	Maintenance and inspections of centrifuges II Scope and intervals for periodical inspections / additional maintenance
15:45 – 16:00	Final discussion

A world of service

Put our 150 years of OEM experience to work for you

With ANDRITZ SEPARATION, you gain access to one of the world's largest OEM manufacturers for solid/liquid separation systems, including such well-known names as Bird, KHD, Guinard and more. From initial consulting through to service agreements, plant optimization, automation, and training programs, we are always looking for ways to minimize downtime and increase predictability in operations while raising your overall production efficiency. Wherever you operate, our network of 550 service specialists and global service centers ensures we'll always be there to support you for many life cycles to come. Let's sit down and see how we could take your operations to the next level.
